We will see that they are taken good care of, should they be sick. We have a good French teacher in the Academy & a good school of a high order. Mr. Stone will wish to know as soon as he can, whether you will wish to have them come, or not. Were the case my own, I should be glad to have no other Lots so well accommodated as I think they would be there. Love from all to you and yours.

Affectionately yours.

Elisha Fisk

Rev A A Phelps,

Dear Sir.

My head is so affected with a cold this evening that I shall write nothing but what relates to business. Emily & boy are boarding with us & William who will shortly be off at sea. She is looking forward to confinement & and feels that it would be very unpleasant to have the family increased by boarders. We wish to consult her feelings at the present time. It would, otherwise, be pleasant to us to have your mother & Edward in our family. Mrs. Fisk thinks so & so do I. that they may be very satisfactorily accommodated across the street three rods off where Doctor Bugbee use to live. Mr Stone & wife are respectable steady people, have a quiet family & keep a good table. They have agreed to take both at three Dollars & a half a week provided they do not want a fire by themselves nor washing. Mrs. Fisk says that Margaret may do the washing, if your mother is unable to do it. I would look after Edward & take all the care of him that will be needful
